INTRODUCTION

Welcome to the latest **E-Bulletin** from the **Education for Sustainable Development Forum** that provides information on activities in the environmental education and education for sustainable development sectors in Northern Ireland. Below you will find a variety of useful information, including ESD Forum and member's news, resources, training events and seminars, publications, funding opportunities, and any job vacancies in the sector.

The Forum is the networking body for the Environmental Education and Education for Sustainable Development sector that promotes a coordinated approach to the delivery of environmental education and education for sustainable development in Northern Ireland. Forum Membership consists of organisations from the public, private and voluntary sectors.

The Forum attempts to raise awareness of environmental education and education for sustainable development issues in the formal and non-formal education sectors through the provision of services such as the production of resources, initial and in service teacher training, member meetings and training and organising member and public conferences.

2. SUSTRANS BIG WALK AND WHEEL

Sustrans Big Walk and Wheel is the UK's largest inter-school walking, wheeling, scooting and cycling challenge. It inspires pupils to make active journeys to school to improve air quality in their neighbourhood.

Sustrans Big Walk and Wheel is taking place 20-31 March 2023

Who can take part

All schools in the UK can take part in Sustrans Big Walk and Wheel, it is free to register and easy to participate.

Visit the dedicated [Sustrans Big Walk and Wheel website](#) and follow the instructions.

Once registered you will have access to a school login where you can log your journeys on each day of the challenge and track how your school is doing. You can even compete with your neighbouring schools.

Why take part

Travelling actively and sustainably has never been so important, it helps pupils arrive to school alert and ready to start the day and helps create a nicer environment around the school.

We have designed our interactive school resources to be fun, flexible, and informative on how small changes can make a big difference.

Free resources available include:

- Curriculum linked lesson plans
- Top tips
- School assembly presentation

Help us achieve even more active journeys than last year

4. NATURE RECOVERY NETWORKS – A LANDSCAPE PARTNERSHIP PROJECT NORTHERN IRELAND

ESDF has produced this resource looking at the Northern Ireland Landscape Partnership's (National Trust NI, RSPB, Ulster Wildlife and Woodland Trust) Nature Recovery Networks project, with the aim of making it accessible for use with the Key Stage 3 curriculum in Learning Areas such as Science and Geography.

A synopsis of the Nature Recovery Network (NRN) project is provided with a brief background, an explanation of why NRNs are needed, an explanation of what a NRN is, examples of where NRNs are being implemented, what we need to do in Northern Ireland to establish NRNs and how we can all contribute to nature's recovery.

Image via [Pixabay](#)

Educators will hopefully find this resource useful to better understand Nature Recovery Networks, and to provide a starting point for exploring the topic with learners. This may lead to a desire to take action to contribute to a Nature Recovery Network for Northern Ireland, through practical action on the ground, by connecting with others or through advocacy for nature.

It is open to individuals, schools, community groups and businesses from all communities wishing to rid their streets of litter and discarded rubbish.

You can help in any one of **THREE** ways:

1. [Add your signature](#) to show your support and keep updated through our monthly newsletter
2. [Take part in a clean up](#)—check out what's on near you
3. [Organise your own cleanup](#) and receive a free kit - this includes a high visibility vest, a pair of gloves and bin bags. Your local council may also be able to provide litter pickers and additional equipment (for details check out our [Council Contacts](#) page). Please ensure you have [read the hints and tips booklet](#) before organising your clean up.

7. BIODIVERSITY EDUCATION SERVICES AT OXFORD ISLAND

Armagh City, Banbridge and Craigavon District Council have a new programme outlining the range of educational programmes available to schools and groups visiting Oxford Island National Nature Reserve on the shores of Lough Neagh.

education for sustainable development forum

Programmes for visiting schools and groups are led by knowledgeable staff from the Biodiversity Education team at Oxford focusing on the wildlife and habitats of the area. Programmes are delivered throughout the year with the summer term and the early autumn being very popular with nursery, primary and secondary schools, accommodating up to 60 pupils at one time.

Check out the leaflet above to see the full range of activities on offer.

We are now taking school bookings for autumn 2022, spring, and summer 2023.

8. RED SQUIRRELS RELEASED AT CASTLE WARD

Red squirrels have been successfully introduced into Castle Ward estate, outside Strangford, in a bid to establish a new population of this iconic native species.

Red squirrels have been successfully introduced into Castle Ward estate, outside Strangford, in a bid to establish a new population of this iconic native species.

The first four red squirrels were released into their new woodland home this winter, from Belfast Zoo, with more to follow from thriving local sites over the coming months.

The introduction is part of an ongoing effort between the National Trust, Ulster Wildlife, Belfast Zoo, Northern Ireland Environment Agency, and the Heart of Down Red Squirrel Group to secure the long-term future of this increasingly rare mammal.

The location was carefully chosen as it has ample woodland habitat and most importantly, it is free from invasive grey squirrels – the biggest threat to our red's survival.

9. NEW TO NATURE

New to Nature will offer new, full-time, temporary work placements in nature and landscape organisations across the UK, aiming to increase diversity and enrich the environmental sector.

education for
sustainable
development
forum

Funded by the National Lottery Heritage Fund as part of the celebrations to mark the Queen's platinum jubilee, the programme will run until May 2024 and will provide paid work placements for at least 70 people, targeting young people from diverse backgrounds to undertake a range of environmental roles.

New to Nature is delivered through a partnership of Groundwork, The Prince's Trust, Disability Rights UK, and Mission Diverse. We are working closely with the Youth Environmental Service to ensure the programme acts as a stepping stone for a longer-term journey of change in the sector.

Our focus will be on attracting diverse talent from communities currently underrepresented in environmental roles, encouraging young people who are from ethnically diverse backgrounds, are disabled or who are economically disadvantaged.

We're working with a range of Placement Host organisations who are committed to helping change the face of the environmental sector by providing high quality 12-month work placements for people from diverse backgrounds.

11. UPDATE FROM WEE CRITTERS

WEE CRITTERS IS A FULLY MOBILE AND PROFESSIONAL INTERACTIVE ANIMAL EDUCATION SERVICE WHICH OPERATES THROUGHOUT NORTHERN IRELAND.

We unfortunately live in a world where many species of both animals and plants are on the brink of extinction. Developing an appreciation of wildlife in our children is a fundamental element in safeguarding the safety and future of our wildlife and environment.

Our mission is to bring the wonder of wildlife straight to your school with the aim of providing a unique, fun, memorable and educational experience which will inspire a lifelong appreciation for wildlife and a commitment to playing an active role in the protection and conservation of animals and the natural environment.

SCHOOL PROGRAMMES

LET OUR INTREPID EXPLORER TAKE YOUR CLASS ON AN INTERACTIVE ADVENTURE. ALONG WITH HIS TEAM OF 'WEE CRITTERS', ALLAN, WILL BRING THE NATURAL WORLD STRAIGHT TO YOUR CLASSROOM OR OUTDOOR SPACE.

With curriculum-based topics to suit all age groups, our sessions will give you the chance to meet some of our specially selected animal ambassadors and will support work being carried out in your class.

ALL SESSIONS ARE COVERED BY A FULL RISK ASSESSMENT AND COMPREHENSIVE PUBLIC LIABILITY INSURANCE.

WE OFFER A RANGE OF CURRICULUM-BASED TOPICS:

THE WORLD AROUND US	ANIMAL HABITATS
RAINFORESTS	NATIVE SPECIES
MINIBEASTS	ANIMAL DIETS
ANIMAL CLASSIFICATION	ANIMALS IN DANGER
NOCTURNAL ANIMALS	CUSTOM TOPICS

We have teamed up with the C2K Newsdesk to deliver a series of 10 educational videos focusing on the small changes we can all make to our daily routines to make the world a better place for everyone including the animals we share it with!

WEE WAYS to change the world

The videos are available every Wednesday on the newsdesk and you and your class can tune in to enjoy these educational resources. Each week's video will focus on a different 'wee way' including:

- 1. Switch off**
- 2. Reduce, Reuse, Recycle**
- 3. Shop Sssmarter**
- 4. Love your Locals**
- 5. Join The Refill-ution**
- 6. Become A Wildlife Warrior**
- 7. Become A Habitat Hero**
- 8. Rewild Yourself**
- 9. Let's Fundraise For Wildlife**
- 10. Be Kind**

The video series can be used to support environmental learning in your school or before or after a Wee Critters interactive animal education session. There are even downloadable activity booklets to support each video.

12. GROWING FOR THE FUTURE – FEBRUARY

Visit the Growing for the Future resource on www.ccea.org.uk/growing and get ideas to manage your garden.

CCEA has developed a web resource, in partnership with Tourism NI, to encourage children to grow fruit and vegetables, explore where food comes from and to promote healthy eating.

Teachers can access curriculum-linked resource sheets for Key Stages 1 and 2 divided into the calendar year, with monthly overviews and guidance to growing the fruits and vegetables that are in season. These resources can support many of the Ten Topics of the Eco-Schools Green Flag journey, such as Biodiversity, Energy and Healthy Living.

Let us know how you get on with any of these activities by sharing on CCEA's social media or email Melanie Mulligan, Education Manager on mmulligan@ccea.org.uk.

13. ADOPT A SPOT

Live Here Love Here's Adopt A Spot project enables individuals and communities across Northern Ireland to make a difference in their local area by creating cleaner, greener outdoor spaces. Adopters can be anyone from families, community groups, schools, to sporting associations who want to adopt area and look after it.

Through the Adopt A Spot project, you can apply for one of the following four free kits:

- **Food For Thought** – The starter food growing kit will enable you to grow your own food in your adopted spot. This kit contains pots of various sizes, compost, vegetable and herb seeds, a watering can, gloves and hand tools.
- **Wildlife** – The Wildlife kit to help you to increase habitats in small spaces. This kit contains a timber bird box, bat box and bug box, hand tools, gloves and native Irish wildflower seeds.
- **Clean-Up** – This clean-up kit will support you in creating a cleaner and greener outdoor space. This kit contains litter pickers, gloves, a first aid kit, a sharps box, bin bags and Hi Vis vests.
- **Coastal Health** – The coastal health kit will help you to make your adopted coastal space cleaner. This kit contains litter pickers, handy hoops, bin bags, gloves and sieves for monitoring microplastics.
